

**Rondout Valley Central School District  
Academic Intervention Services (AIS) Identification Procedures for 2019-20**

For the 2019-20 school year, Rondout Valley CSD shall identify students to receive Academic Intervention Services (AIS) through a *two-step* process:

1. All students performing at or below the median cut point scores released by NYSED (between a Level 2/partially proficient and a Level 3/proficient) on a Grade 3-8 NYS English Language Arts (ELA) or Mathematics state assessment are identified as eligible for AIS.
2. Upon identification of a student for consideration for AIS, the District will use a District-developed procedure, to be applied uniformly at each grade level, for determining which students shall receive AIS. Additionally, the District will consider the student's scores on multiple measures of student performance.

All students who score at or below the median scale score between Level 2 and Level 3 (shaded column below) will be identified as eligible for AIS. The District will then apply multiple local measures to determine which students receive AIS. The services for a particular student will vary in intensity based on the student's needs as enumerated by these assessments and the student's performance on the District's local measures listed below.
